

STEERING GEAR SERVICE NEWS

DATE : 2026/7/24

No.: E8-26-013

SUBJECT : Termination of Production, Repair and Spare Parts Supply for Hydraulic Pumps for Small type Electro-Hydraulic Steering Gear

We would like to inform you that, regarding the small-type Electro-Hydraulic Steering Gear of our company listed below, which were manufactured and delivered between around 1986 and 1999, we have continued the supply of the hydraulic pumps equipped in these models even after their application for newbuilding vessels was discontinued. However, production volumes have been decreasing, making it difficult for us to continue production.

Steering Gear type	Hydraulic pump type
R**-80~180**	RV712-HS
RT**-80~180**	RV716-NB
RS**-80~180**	RX716-N4.0
RTS**-80~180**	RX716-N6.9
NRT**-80~180**	

Given this situation, although we currently keep a limited number of completed units in stock, therefore considering the aging of stocked products, we regret to inform you that the supply of these pumps will be discontinued once current stock is depleted, or terminated at the end of 2026.

We kindly request your understanding. If you wish to purchase these pumps, we recommend placing your order as early as possible.
