

Battery Propulsion Systems for EV Tugboat

CO₂ : Max. 60% reduction

Overview

Ship Owner	: Daito Corporation
Size	: L 33.4m × B 9.6m × D 4.0m
Gross Tonnage	: 199 GT
BP	: MAX 48 t
Battery	: 3,200 kWh
Delivery	: May 2027 (Scheduled)

- High-efficiency operation with large-capacity batteries and **energy management**
- **Maximization of onboard living space** through high system integration
- **High energy efficiency** with our **developed hull design** and **high-efficiency propellers**
