

The sights,
The senses,
The ride.
Nothing even comes close.

337.064 km/h.
A New World Speed Record.

Beyond mobility,
it's a motorcycle that drives your soul.

かわる、
さきへ。

Changing forward

Visit our special website for the newly released short movie.

Motorcycle *NinjaH2* Official record: 209.442 mph *P-PB1000 Class at Bonneville Speed Week Speed averaged over a 1 mile (1.6 km) run measured once a day over 2 days.
